35 mm) and 1/8" mini (3.5 mm) TRS phone connector. As a product line, the MDR-series Studio Monitor folding headphones have been noted as a 'favorite of sound professionals because they're reasonably flat sounding, inexpensive, compact, and they can take a lot of punishment.. Listening to them with a good CD recording is like being in the center of a live performance.. In 1987, audio industry journalist Daniel Kumin wrote, 'Throw away your loudspeakers..' [4]In 1993, the headphones were described as 'almost-industry-standard' for the monitoring of location sound recording for film and television.. The product line was augmented by the MDR-V600, the MDR-7506 and then the MDR-7509 and MDR-7509HD models, which continue to be popular for audio editing, live sound and broadcast applications.. [3]Consumer Reports wrote in 1989 that 'there seems little reason to look beyond the check-rated Sony MDR-V6.. The headphones were listed as having a very wide frequency response and were convenient for travel as they could be folded and carried in an included leatherette bag. cea114251b [Offline Flash Game Player download](#)
